

Rules for medical entitlement for registered students

A) All the students of the Institute registered for the semester (Semester 1-July to Dec, Semester 2- Jan to June) are entitled to free in-patient and out-patient treatment available at the IITB Hospital. The students who graduate during the semester cease to have medical entitlement after the date of graduation. Only in exceptional cases, on recommendation of a specialist; a student will be referred out for second opinion/ consultation to empanelled hospitals. Medical certificate for treatment and swimming fitness certificate for IITB pool will be issued as per rules. Vaccine certificate, when applicable, will be given on payment basis. No other certificates will be applicable. Also, authentication of treatment certificate from outside will not be done at IITB hospital.

B) Cost of medicines purchased from the market as well as pathology/ radiology charges incurred in empanelled facility on the advice of the Authorized Medical Attendant (AMA) that is, IITB hospital Medical Officer, is reimbursable. Pre-exposure Vaccines are not reimbursable.

C) Expenditure on indoor treatment, under the advice of the AMA in a recognized hospital in economy/ general class of accommodation will be reimbursed by the Institute subject to a ceiling of Rs.1,50,000/semester). Medical Advance of maximum Rs. 75,000/- will be applicable after due procedure.

Emergency surgeries and procedures following transfer from IITB hospital will be reimbursed under same ceiling. Elective surgeries and procedures will not be reimbursed. There will be no reimbursement of treatments related to dentistry/ infertility/ maternity/ cosmetology/ Substance abuse/ Obesity/ joint replacement/ organ transplant etc. Travelling cost incurred for the treatment is not reimbursable.

D) The following hospitals have been empanelled for in-patient treatment of students:

- ☞ All the Hospitals recognized for staff for 100% reimbursement
- ☞ Godrej Memorial Hospital
- ☞ P.D.Hinduja National Hospital
- ☞ Fortis Hospital (Mulund)
- ☞ L.H.Hiranandani Hospital (only for life threatening emergency certified by AMA)

e) Treatment of chronic cases or prolonged illness requiring special medical treatment for a long period will be responsibility of the parents/guardians of the students.

NOTE:

1) Prolonged illness may be that which requires treatment in any authorized hospital for a period of over 30 days.

2) The Institute will not reimburse the expenditure incurred for treatment taken outside IITB during vacation and treatment taken without reference from AMA.

3) The medical facilities (OPD only) is extended to the spouse and children of full-time married research scholars, on the basis of certification of dependency issued by the Hostel Co-ordinating Unit.

4) QIP Research Scholars are treated at par with the other students of this Institute. They are entitled to Medical attendance/treatment and reimbursement as other students, as stated in the previous paragraphs.

The Spouse and Children of QIP Scholars are treated as entitled persons so far as the treatment/facilities available in IITB Hospital. No reimbursement is admissible to them.

Accidental Injury reimbursement:

All the students of the Institute registered for the semester (Semester 1-July to Dec, Semester 2-Jan to June) are covered under accidental injury insurance with following features:

Only hospitalization cost will be covered

Maximum reimbursement: 2 LAC/ year

Applicable anywhere in India

If no reference from IITB hospital is available, a certificate of the treating doctor on a document containing copy (Xerox) of the student's I-card stating that the doctor had treated the student must be produced

Advance (maximum Rs. 75,000) will be applicable for empanelled hospitals
